

FALMOUTH DOCKS & ENGINEERING CO.

MARINA MANAGER

Falmouth Docks & Engineering Company is the statutory harbour authority for the Docks facilities in the Port of Falmouth which are owned and operated by the A&P Group.

An experienced Marina Manager is required to assist in the development and subsequent management of a prestigious new 600 berth deep water marina to be built within the Docks facilities. The new marina is specifically designed to cater for yachts of up to 100 metres in length.

This is an exciting opportunity to develop and grow a new business. The successful candidate needs to have extensive experience of managing, developing and marketing marina facilities and will be able to demonstrate an enthusiasm and determination to help the business fulfil its potential. Previous experience of the super yacht industry would be advantageous.

Please apply in writing with a full CV and covering letter detailing why you think you could fill this role and an indication of your current salary and notice period to:
